

How to register for a course in IQ

1. On the IST Austria [course registration page](#), please click on 'registration for IST Austria employees'.
If you are connected to the IST intranet you will be logged in automatically. Otherwise you will be asked to enter your intranet username and password (in case of doubt, please refer to the ICP self-service section).
2. Once you are logged in to the student portal, you will find the courses tab in the left hand menu bar. Please click on it and check 'all courses' in order to see a list of all courses that are currently open for registration.
3. If you click on the respective course you will find the option to either '**register**' (=take the course for credits) or '**audit**'. Once you have signed up, you will receive a message confirming your registration and you will be able to see the selected course and view its details under 'my courses'.
